Sideload (install app without Google Playstore) IPTV Player on Chromecast

- 1. Install the app called "**Downloader**" by AFTVnews. Set "allow" when asked "allow downloader to access photos and media on your device" popup.
- 2. Chromecast doesn't allow external app installation. You will have to grant persmission from the Chromecast settings. Go to Chromecast settings (wheel icon) from the Chromecast Home screen. Then click on "system", then "About" and scroll down to the option "Android TV OS Build" towards the very end. Keep tapping select button (4/5 times) until it says " you are now a developer".

	☆ z x c v b n m .									

3a. For IPTV Smarters Pro App: You will enter "379662". If it doesn't work, insert the direct APK link "bwcinema.com/111.apk" and the file will be downloaded.

3b. For XCIPTV App: You will enter "254232". If it doesn't work, insert the direct APK link "bwcinema.com/222.apk" and the file will be downloaded.

4. Try to install. It will show you a popup saying "you are currently not allowed to install unknown apps from this source. You can change this in settings.". Click on the Settings button and you can allow "Downloader" app to install unknown apps. You can now install the IPTV app from "Downloader" app. Install the IPTV app. 5. Open the app, accept the terms and then select "Login with Xtream Codes API"

1	IPTy SMARTERS									
	Load Your Playlist Or File/URL	Load Your Data From Device								
	Login with Xtream Codes API	Play Single Stream								
	Select This option By using this application, you ag	ree to the Terms of Services.								
2	<image/>	Image: Image								

- 6. Enter login information from httsp://www.bwcinema.com/WatchOnTV page and add the user. You will have to log in and you have to be a subscribed user to see full movie library on the app.
- 7. For Demo purpose, you won't have to register or sign up for subscription. If you go to httsp://www.bwcinema.com/WatchOnTV you will see the demo account info. You can only see limited number of movies to test the streaming on your TV. Once you verify the set up, you can purchase a subscription to enjoy our full movie library.

Sideload (install app without Google Playstore) IPTV Player on Google TV/Android TV

- 1. Install the app called "**Downloader**" by AFTVnews. Set "allow" when asked "allow downloader to access photos and media on your device" popup.
- GoogleTV, AndroidTV don't allow external app installation. You will have to grant persmission from the GoogleTV/AndroidTV settings. Go to GoogleTV/AndroidTV settings (wheel icon) from the GoogleTV/AndroidTV Home screen. Then click on "system", then "About" and scroll down to the option "Android TV OS Build" towards the very end. Keep tapping select button (4/5 times) until it says " you are now a developer".

You are now a developer!

 Get back to GoogleTV/Android "Settings" from Home screen and scroll down to choose "Apps". Then go to Security & Restrictions and select the Unknown Sources menu. Choose Downloader and slide the toggle located next to the Downloader.

You can now install the IPTV app from "Downloader" app.

4. Go back to "Downloader" app and in the URL textbox
